CM 5-55-22 Bangalore, January 7, 1956

I do not see any necessity for empowering Deputy Commissioners generally under the City Municipalities' Act The City Municipalities are functioning only in three places and have got senior officers as Commissioners Also the administration of these Municipalities is entrusted to enlightened and responsible Municipal Councils and investing authority over them to Deputy Commissioners will naturally be resented by them Whenever there is a necessity for holding an enquiry in any particular case, we may consider the question of empowering the Deputy Commissioners with regard to the specified matter The Notification investing the Deputy Commissioners with general powers may therefore be withdrawn
